When it comes to solving murder mysteries, it's always the one you least suspect! The very proper butler Jenkins and the fiery Cockney maid Sarah Jane are preparing the Covington household for a visit from Edwina Corry, the world's greatest mystery author and friend to Lady Miranda and Colonel Covington. Other guests arriving include Lady Covington's feisty old mother, their high-flying daughter Kat, their chatty priest who doesn't know when to quit and the caddish, eavesdropping neighbor Trevor. Things are soon thrown into confusion, however, when someone in the house is found murdered!
